Panel Light
/Series/

LED panel light is one of the most popular luminaire for commercial lighting, with continuous modification of its design, light efficiency, CRI, UGR and smart function, HelloLight luminaires are always capable of providing customers with helpful solution and best price, that's the main reason HelloLight is preffered supplier of LED panel lamp in the market.

HelloLight LED panel family supply different solution for project and distribution, such us regular LED panel with high Lumen and low UGR, CCT changing LED panel, waterproof led panel, frameless led panel, Up/down emitting led panel, big size round led panel with recessed / surface mounted / pendant installation, TUV-CE approved driver, Lifud, Tridonic, Philips driver ensure our reputation of quality always.

LG-P Panel light
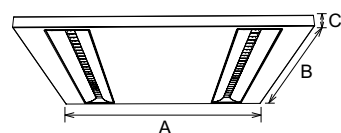

LG-P panel light is direct lighting with louver anti-glare design with external driver, adopting high lumen SMD led and special lens which provide high light efficiency and uniform light output, SPCC housing plus PC + ABS module form ideal combination of stylish design, it is a perfect replacement for traditional grill lamp.

LP-AM1 Panel light

LP-AM1 panel is 8mm thickness panel, adopts high lumen SMD LED with CRI >80. Top branded external driver comes with triac dim, 0-10V dim and DALI dim, it has perfect dimming range and shares great compatibility with worldwide famous brand dimmers. The ultra slim profile fits seamlessly into any work place. It is available in various installation ways: embedded into ceiling, suspended with hanging wires, surface mounted in a concrete ceiling by using surface mounting frame.

LP-BC Panel light

Panel module | **Panel frame**

LP-BC panel light consist of metal frame and LED panel with external driver, LED panel adopts prismatic diffuser (low glare UGR<19) which produce uniform light and high lumen output; The metal frame with air slot design to allow the air to circulate; Separated panel module ensures the easy installation and maintenance, it is a ideal replacement for traditional T8 fluorescent louver luminaries and side lit LED panel light.

LP-DS Backlit panel light

LP-DS panel adopts upper and lower frame structure design to reach an IP65 waterproof effect, it has a strong structure with 10mm thickness. Upper and lower 6063 Aluminium frames provide a great thermal management to ensure a long lifespan. Besides, it has high lumen SMD light source and PMMA LGP which offer a uniform light output and avoid yellow risky. External IP65 flicker free driver with waterproof DC connector. Multiple installation ways: recessed, suspended and surface mounted.

LP-CL Panel light

LP-CL LED panel light is a screwless design with flat frame and no back plate, adopting PMMA LGP which produces uniform light and high lumen output, good quality SMD with 110lm/W. Triac dim, 0-10V dimmable, DALI dimmable and 3 CCT interchangeable are available. It can fits seamlessly into any work place, available in various installation ways: recessed, suspended and surface mounted.

LP-DP Backlit panel light
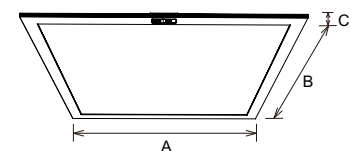

LP-DP is smart panel light , which is comprised of driver, smart control module and induction module. Connect Bluetooth between the mobile phone and the lamp, then the mobile phone APP can control the lamp. Users can adjust the brightness and color temperature of lamps according to their own needs. Automatic light supplement can also be realized by photo sensor. The PIR sensor is used to switch the lamp, and the indicator light is used to display the on/off state of the photosensitive sensor and PIR sensor of the Lamp.

LP-DF Panel light

This panel light is a frameless, transparent and 360 degree lighting design, which provides a great visual aesthetic feeling. Adopt high lumen SMD light source, the 4mm transparent PMMA LGP makes a uniform, soft lighting output and reaches anti-glare UGR<19. 6063 aluminum heat sink makes an excellent thermal management. Magnetic mounting box can also save much time for installation.

LP-DD Panel light
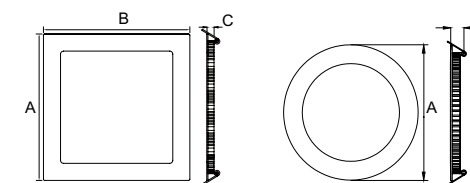

LP-DD is small size panel with complete diameter options. 2835SMD LED chip and PMMA LGP offer a great light transmittance and light output. Adopt die-casting aluminum frame which provides a great thermal management. External driver comes with triac dim, it shares great popularity by perfect dimming range and great compatibility with worldwide dimmers. The ultra slim profile fits perfectly for all working places.
